

AeroTec2 / 2L

**Sustainable air hygiene
for every space.**

Filter-free, low-maintenance
and energy-efficient.

HIGHLIGHTS

- ✓ Neutralises odours and VOCs and breaks down particulates
- ✓ Plug & play on wall or ceiling
- ✓ Works independently of central ventilation
- ✓ Stainless steel, built for continuous operation

ADDED VALUE

Noticeably fresh air from day one: The ionised air neutralises odours and other pollutants directly in the room – with no filter changes, at **minimal operating costs**.

Wi-Fi enabled

With fan

Intuitive controls

Remote control

THE TECHNOLOGY · LIKE A CLEANSING THUNDERSTORM

1

Activate oxygen

The ionisation tubes charge the oxygen both positively and negatively.

2

Envelop pollutants

The charged ions envelop odours and other pollutants.

3

Neutralise

The pollutants are neutralised harmlessly directly in the indoor air.

4

Fresh-air quality

The result: naturally fresh air, entirely without filters.

Lower operating costs

Save **up to 30 %** compared with filter systems

Sustainable technology

No filter waste, low maintenance

Personal support

100 % service & maintenance from Switzerland

Production areas

Food industry

Healthcare

Washrooms

Changing rooms

Hotels & restaurants

Cold & waste rooms

More applications

 Available in **all RAL colours** on request
OPTIONAL SENSOR

The **airQ sensor** measures the air pollution level and controls the AeroTec2 / 2L automatically via Wi-Fi – output adapts to the indoor air.

**MAXIMUM ROOM VOLUME**

Recommended room volume in m³ – depending on the indoor air pollution level.

Model variant	low pollution	medium pollution	high pollution
AeroTec2 · 1 ionisation tube	140 m ³	70 m ³	20 m ³
AeroTec2 · 2 ionisation tubes	200 m ³	100 m ³	40 m ³
AeroTec2 · 3 ionisation tubes	300 m ³	150 m ³	60 m ³
AeroTec2 L · 3 ionisation tubes	450 m ³	225 m ³	90 m ³

Please note: the values apply to standard operation at medium ionisation output. At a higher or lower output level, the recommended room volumes change accordingly.

Low pollution

Offices, meeting rooms and other environments without special requirements.

High pollution

Food production, waste rooms, smoking rooms, heavily used washrooms, etc.

Medium pollution

Food and kitchen odours, moderately used changing rooms/washrooms, fitness centres, etc.

	AeroTec2	AeroTec2 L
Power consumption	max. 60 W	max. 80 W
Ionisation tubes	1–3 IRE 365 mm	3 IRF 520 mm
